

I
 Den 10. januar 1972 fik jeg fra Rønne Østre skole foræret en gammel plante-samling, der havde ligget upåagtet en lang årrække, først oppe under loftet, senere, måske lige så længe, i nogle skuffer. Hovedmanden for dette herbarium har været skoleinspektør A. Hjorth, men mange andre samlere, bl.a. overlærer Hoff, Rønne Lærde Skole. Det blev bestemt, at planterne skulle indlemmes i mit "livsherbarium", og efter min død skulle foræres til Bornholms Amtsbibliotek under navnet "Bornholms Herbarium" - mit eget forslag.

Følgende liste indeholder navnene på alle de indlemmede planter, systematisk ordnet og med min indarbejdede nummerering.
